■ SECTION 07 SYMPTOMS OF OVEREXPOSURE

Symptoms of Ingestion: Ingestion of concentrate may cause nausea, vomiting and abdominal pain, incoordination, diarrhea and general weakness. May cause red blood cell hemolysis and possible liver and kidney injury if sufficient quantities of concentrate are swallowed.

Symptoms of Inhalation: If misted in concentrated form can cause irritation of mucous membrane, nose, eye, and throat.

Symptoms of Skin Contact: May cause dermatitis or irritation in some individuals upon prolonged contact. Localized skin defatting can be expected from any detergent long contact.

Symptoms of Eye Contact: Causes painful stinging or burning of eyes and lids, watering of eye, conjunctivitis in concentrate and less severely in use dilution.

■ SECTION 08 EMERGENCY FIRST AID PROCEDURES

For Ingestion: Of concentrate, suggest inducing vomiting immediately by giving two glasses of water and sticking finger down throat. NEVER give anything to an unconscious person. Get medical advice.

For Skin: As for all foreign materials, wash off concentrate or diluted use solution with water. Remove clothing, which has been saturated by concentrate.

For Eyes: PROMPTLY flush with large amounts of water occasionally lifting the lower and upper lids. Call a physician if irritation persists.

Medical Conditions

Aggravated by Exposure: No data found.

■ SECTION 09 OCCUPATIONAL CONTROL PROCEDURES

Ventilation: Use with adequate ventilation. Working solution should not present any general hazard.

Respiratory Protection: Not required under normal working/use conditions.

Eye Protection: Not normally required. Use if in specific applications splashed or mists will get into eyes.

Skin Protection: Use gloves if hands will be continuously in solution, not normally necessary in general use.

Personal Hygiene: As in handling any detergent, wash thoroughly after using.

■ SECTION 10 PRECAUTIONS FOR SAFE HANDLING STORAGE AND USE

Precautionary Measures: Avoid contact with eyes and prolonged contact of concentrate with skin. Avoid breathing misted vapors. Use with adequate ventilation. Do not store at elevated temperatures.

Spills Clean-up Procedures: Concentrated materials are packed in unit-dosed bags limiting any spills to very small quantities. Paper toweling or mopping is usually sufficient.

Disposal Method: Normal waste disposal of empty bags in accordance with state and local regulations or recycle after rinsing package

■ GENERAL NOTE ABOUT PRODUCTS

SteamPac® Carpet Extraction Detergent formulation is not substantially different from other commercially available steam extraction cleaners. The unique packaging of PortionPac materials in small unit dosed bags limits the amount of exposure of the concentrate to very small amounts. These can be cleaned up with paper toweling or plain mopping. We know of no serious hazards associated with the proper use and handling of this product.

PortionPac Chemical Corporation makes no warranty, expressed or implied, as to the accuracy, completeness or reliability of this information, except that such information is, to the best of our knowledge and belief, accurate as of the date indicated.
