Section 2. Composition and information on ingradients

Potential Acute Health Effects: Route of Entry: None known

Section 3. Hazards Identification

Eye Contact: Section 4. First Aid Measures Flush immediately with water for 15 minutes being careful to flush behind the eyelids. Seek

Skin Contact: No harmful effects expected. Prolonged or repeated contact may dry skin and cause irritation. immediately drink plenty of water. If discomfort persists, get medical attention medical attention if Irritation persists or develops. No harmful effects expected.

Fire Fighting Media and Instructions: Flashpoint: Section 5. Fire Fighting Measures Ingestion:

Inhalation:

Extinguish with water spray or carbon dioxide; dry chemical powder or appropriate foam. Normal fire fighting procedure Tag Open Cup

may be used. Nane Known

Personal Precautions: Section 6. Accidental Release Measures Unusual Fire and Explosion Hazards:

Environmental Precautions: clean up. environmental contamination. Collect spilled material. Place in suitable clean In the event of major spillage: Use appropriate containment to avoid dry containers for disposal by approved methods. Use a water rinse for final Put on appropriate personal protective equipment (see section 8).

Section 7. Handling and Storage

Avoid contact with eyes. Use appropriate hygiene methods when handling product. For industrial use only

Store in a cool well ventilated area. Protect from freezing. Keep out of reach of children

Section B. Exposure Controls & Personal Protection:

Engineering Controls: Personal Protection: None usually needed. General room ventilation is adequate

Respiratory

Additional Measures: Medical Condition Aggravated: Listed Carcinogen

No special requirements under normal use conditions No special requirements under normal use conditions No special requirements under normal use conditions

Persons with pre-existing skin disorders may be susceptible to irritating No ingredients listed by NTP, IARC or OSHA Subpart Z.

DESCRIPTION

This versatile product is designed for the demanding task of cleaning dishes, utensils, and glassware in to temperatures. This product provides controlled alkalinity for effective destaining and protein soil remov as well as special ingredients to keep wash jets, tubing, and fittings clean and operating at peak efficienc This environmentally preferable formula contains biodegradable surfactants and is phosphate free.

DIRECTIONS

Read entire container label before using this product.

For residential style dish washers:

- Empty 1 packet into detergent dispenser compartment.
- Start cycle.

APPLICATIONS

For automatic dishwashers.

BENEFITS

- Non Corrosive
- Biodegradable
- Non Filming
