

Spartan Chemical Company, Inc. Material Safety Data Sheet

SECTION I: PRODUCT INFORMATION

Product Name or Number (as it appears on label):

GOLDEN GLO

Product Number: 2999; 3000

Product Division: Janitorial

Spartan Chemical Company, inc.

1110 Spartan Drive Maumee OH 43537 Product/Technical Information: 1-(800)-537-8990

Medical Emergency: 1-(888)-314-6171 (24 hours)

Chemical Leak/Spill Emergency: CHEMTREC 1-(800) 424-9300 (24 hours)

Shipping Description: Non Hazardous Products

NFPA Ratings:	HMIS Ratings:
Health; 1- Slight	Health: 1- Slight
Fire: 0 - Minimal	Fire: 0 - Minimal
Reactivity: 0 - Minimal	Reactivity: 0 - Minimal
•	Pers. Prot. Equip.: See Section VIII

SECTION II: HAZARDOUS INGREDIENTS

(Listed when present at 1% or greater, carcinogens at 0.1% or greater) All component chemicals are listed or exempted from listing on the "TSCA Inventory" of chemical substances maintained by the U.S. Environmental Protection Agency.

,				Table Z-1-A		
Chemical Name(s)	%Wt	CAS Registry No.	TWA mg/m³	STEL mg/m³	CEILING mg/m³	NTP, IARC or OSHA Carcinogen
Sodium dodecyl benzene	20-25	25155-30-0	Not Established	Not Established	Not Established	No
sulfonate Sodium lauryl ether sulfate	1-5	9004-82-4	Not Established	Not Established	Not Established	No ·

SECTION III: PHYSICAL DATA

ility in Water. Complete
vity (H ₂ O=1): 1.04
id by Weight 24-26

SECTION IV: FIRE & EXPLOSIVE HAZARD DATA

> 212°F	Method Used: ASTM-D56
Not Established	Flame Extension: N/A
Product does not support combustio	n. Use extinguishing media appropriate for surrounding fire
Wear NIOSH approved self-containe containers with water spray.	ed breathing apparatus and protective clothing. Cool fire-exposed
Combustion products are toxic.	
	Not Established Product does not support combustic Wear NIOSH approved self-containe

ECTION V: HEALTH HAZARD DAT, Threshold Limit Value:	Not Established Primary Routes of Entry: inhalation, Skin Contact, Eyes & O
	Causes eye irritation. Symptoms may include pain, redness and swelling.
Conditions to Avoid:	May cause mild skin irritation. Symptoms may include pain, redness and swelling.
	May be harmful if swallowed. Symptoms may include abdominal pain and diarrhea.
	Inhalation of product mist may cause respiratory irritation.
	Avoid contact with eyes. Avoid prolonged or repeated skin contact with undiluted product. Do
	not swallow. Avoid breathing product mists.
Conditions Aggravated by Use:	Use of this product may aggravate preexisting skin; eye and respiratory disorders including asthma and
	dermatitis.
Emergency & First Aid Procedures :	
	Flush eyes with plenty of water for at least 15 minutes. Remove contact lenses. Get medical attention.
Skin:	Wash thoroughly with soap and water. Get medical attention if irritation persists. Wash contaminated
	clothing before reuse.
Ingestion:	Do not induce vomiting. Drink one or two glasses of water to dilute product. Get medical attention. Do
	not give anything by mouth to an unconscious person.
Inhalation:	Move person to fresh air. Get medical attention if irritation persists
SECTION VI: REACTIVITY DATA	
at the second	
Stability	Stable Incompatible Materials: Strong acids and oxidizing agents
Stability:	
Hazardous Decomposition Products: SECTION VII: SPILL OR LEAK PROC	Not established Hazardous Polymerization: Will Not Occur
Hazardous Decomposition Products: BECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid
Hazardous Decomposition Products: SECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways.
Hazardous Decomposition Products: SECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid
Hazardous Decomposition Products: SECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled Waste Disposal Method:	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. Dispose of in compliance with all federal state and local laws and regulations.
Hazardous Decomposition Products: SECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. Dispose of in compliance with all federal state and local laws and regulations.
Hazardous Decomposition Products: BECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled Waste Disposal Method: BECTION VIII: SPECIAL PROTECTION	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. Dispose of in compliance with all federal state and local laws and regulations. ON INFORMATION
Hazardous Decomposition Products: BECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled Waste Disposal Method: BECTION VIII: SPECIAL PROTECTION Respiratory Protection:	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. Dispose of in compliance with all federal state and local laws and regulations. ON INFORMATION Not normally required when good general ventilation is provided
Hazardous Decomposition Products: SECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled Waste Disposal Method: SECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation:	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. Dispose of in compliance with all federal state and local laws and regulations. ON INFORMATION Not normally required when good general ventilation is provided Provide good general ventilation. Local exhaust ventilation may be necessary for some operations.
Hazardous Decomposition Products: SECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled Waste Disposal Method: SECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation: Protective Gloves(Specify Type):	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. Dispose of in compliance with all federal state and local laws and regulations. ON INFORMATION Not normally required when good general ventilation is provided Provide good general ventilation. Local exhaust ventilation may be necessary for some operations. Not required. Rubber or other impervious gloves may be worn if desired
Hazardous Decomposition Products: SECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled Waste Disposal Method: SECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation: Protective Gloves(Specify Type): Eye Protection(Specify Type):	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. Dispose of in compliance with all federal state and local laws and regulations. ON INFORMATION Not normally required when good general ventilation is provided Provide good general ventilation. Local exhaust ventilation may be necessary for some operations. Not required. Rubber or other impervious gloves may be worn if desired. Not required. Splash goggles may be worn if desired.
Hazardous Decomposition Products: SECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled Waste Disposal Method: SECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation: Protective Gloves(Specify Type):	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. Dispose of in compliance with all federal state and local laws and regulations. ON INFORMATION Not normally required when good general ventilation is provided Provide good general ventilation. Local exhaust ventilation may be necessary for some operations. Not required. Rubber or other impervious gloves may be worn if desired.
Hazardous Decomposition Products: SECTION VII: SPILL OR LEAK PROD Steps to be Taken in Case Material is Released or Spilled Waste Disposal Method: SECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation: Protective Gloves(Specify Type): Eye Protection(Specify Type):	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. Dispose of in compliance with all federal state and local laws and regulations. ON INFORMATION Not normally required when good general ventilation is provided Provide good general ventilation. Local exhaust ventilation may be necessary for some operations. Not required. Rubber or other impervious gloves may be worn if desired. Not required. Splash goggles may be worn if desired. See 29 CFR 1910.132-138 for further guidance.
Hazardous Decomposition Products: BECTION VII: SPILL OR LEAK PROC Steps to be Taken in Case Material is Released or Spilled Waste Disposal Method: BECTION VIII: SPECIAL PROTECTION Respiratory Protection: Ventilation: Protective Gloves(Specify Type): Eye Protection(Specify Type): Other Protective Equipment: BECTION IX: SPECIAL PRECAUTION	Not established Hazardous Polymerization: Will Not Occur CEDURES Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. Dispose of in compliance with all federal state and local laws and regulations. ON INFORMATION Not normally required when good general ventilation is provided Provide good general ventilation. Local exhaust ventilation may be necessary for some operations. Not required. Rubber or other impervious gloves may be worn if desired. Not required. Splash goggles may be worn if desired. See 29 CFR 1910.132-138 for further guidance.
