

# Spartan Chemical Company, Inc.

## Material Safety Data Sheet

### SECTION I: PRODUCT INFORMATION

Product Name or Number (as it appears on label):

**GLASS CLEANER (BULK)**

Product Number: 3030; 3261

Product Division:

**Janitorial**

Spartan Chemical Company, Inc.

1110 Spartan Drive

Maumee OH 43537

Product/Technical  
Information:**1-(800)-537-8990**Medical Emergency:**1-(888)-314-6171 (24 hours)**

Chemical Leak/Spill

Emergency:**CHEMTREC 1-(800) 424-9300 (24 hours)**

|                       |                                    | <b>Pers. Prot. Equip.:</b> | See Section VIII |

### SECTION II: HAZARDOUS INGREDIENTS

(Listed when present at 1% or greater, carcinogens at 0.1% or greater) All component chemicals are listed or exempted from listing on the "TSCA Inventory" of chemical substances maintained by the U.S. Environmental Protection Agency.

| Chemical Name(s)  | % W | CAS Registry No. | Table Z- 1 - A        |                        |                           | NTP, IARC or OSHA Carcinogen |
|-------------------|-----|------------------|-----------------------|------------------------|---------------------------|------------------------------|
|                   |     |                  | TWA mg/m <sup>3</sup> | STEL mg/m <sup>3</sup> | CEILING mg/m <sup>3</sup> |                              |
| Isopropyl alcohol | 1-5 | 67-63-0          | 980                   | 1225                   | Not Established           | No                           |

### SECTION III: PHYSICAL DATA

|                                |                                     |                                        |                |
|--------------------------------|-------------------------------------|----------------------------------------|----------------|
| Boiling Point:                 | 212 °F                              | Vapor Pressure:                        | Not determined |
| Vapor Density (AIR = 1):       | Unknown                             | Solubility in Water:                   | Complete       |
| pH:                            | 9.0-10.0                            | Specific Gravity (H <sub>2</sub> O=1): | 0.991          |
| Evaporation Rate (but.ace.=1): | <1                                  | Percent Solid by Weight:               | < 1.0          |
| Physical State:                | Liquid                              |                                        |                |
| Appearance & Odor:             | Clear blue liquid, floral fragrance |                                        |                |

## ▼ SECTION IV: FIRE &amp; EXPLOSIVE HAZARD DATA

|                                   |                                                                                                                                |                  |          |
|-----------------------------------|--------------------------------------------------------------------------------------------------------------------------------|------------------|----------|
| Flash Point:                      | > 212°F                                                                                                                        | Method Used:     | ASTM-D56 |
| Flammable Limits:                 | Not Established                                                                                                                | Flame Extension: | N/A      |
| Extinguishing Media:              | Product does not support combustion. Use extinguishing media appropriate for surrounding fire.                                 |                  |          |
| Special Fire Fighting Procedures: | Wear NIOSH approved self-contained breathing apparatus and protective clothing. Cool fire-exposed containers with water spray. |                  |          |
| Unusual Fire & Explosive Hazards: | Combustion products are toxic.                                                                                                 |                  |          |

## ▼ SECTION V: HEALTH HAZARD DATA

|                                              |                                                                                                                                                                                                                                                                                         |                          |                                         |
|----------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|-----------------------------------------|
| Threshold Limit Value:                       | Not Established                                                                                                                                                                                                                                                                         | Primary Routes of Entry: | Inhalation, Skin Contact, Eyes and Oral |
| Effects of Overexposure-Conditions to Avoid: | May cause mild eye and skin irritation. May be harmful if swallowed. Inhalation of product mist may cause respiratory irritation. Avoid contact with eyes. Avoid prolonged or repeated contact with skin. Do not swallow. Avoid breathing product mist. Wash thoroughly after handling. |                          |                                         |
| Conditions Aggravated by Use:                | Use of this product may aggravate preexisting skin; eye and respiratory disorders including asthma and dermatitis.                                                                                                                                                                      |                          |                                         |

## Emergency &amp; First Aid Procedures:

|             |                                                                                                                                                             |
|-------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eyes:       | Flush eyes with plenty of water for at least 15 minutes. Remove contact lenses. Get medical attention.                                                      |
| Skin:       | Wash skin thoroughly with soap and water. Get medical attention if irritation persists. Wash contaminated clothing before reuse.                            |
| Ingestion:  | Do not induce vomiting. Drink one or two glasses of water to dilute product. Get medical attention. Do not give anything by mouth to an unconscious person. |
| Inhalation: | In case of respiratory irritation; move person to fresh air. Get medical attention if irritation persists.                                                  |

## ▼ SECTION VI: REACTIVITY DATA

|                                   |                     |                           |                  |
|-----------------------------------|---------------------|---------------------------|------------------|
| Stability:                        | Stable              | Incompatible Materials:   | Strong oxidizers |
| Hazardous Decomposition Products: | CO, CO <sub>2</sub> | Hazardous Polymerization: | Will Not Occur   |

## ▼ SECTION VII: SPILL OR LEAK PROCEDURES

|                                                            |                                                                                                                                                                                                                                                                                            |
|------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Steps to be Taken in Case Material is Released or Spilled: | Small spills of one gallon or less may be flushed with plenty of water to sanitary sewer system (If permitted by local sewer regulations). Dike and contain large spills with inert material and transfer liquid to containers for disposal. Keep spill out of storm sewers and waterways. |
| Waste Disposal Method:                                     | Dispose of in compliance with all federal, state and local laws and regulations.                                                                                                                                                                                                           |

## ▼ SECTION VIII: SPECIAL PROTECTION INFORMATION

|                                  |                                                                                                   |
|----------------------------------|---------------------------------------------------------------------------------------------------|
| Respiratory Protection:          | None required                                                                                     |
| Ventilation:                     | Provide good general ventilation. Local exhaust ventilation may be necessary for some operations. |
| Protective Gloves(Specify Type): | Not required. Impervious gloves may be worn if desired.                                           |
| Eye Protection(Specify Type):    | Not required. Splash goggles may be worn if desired.                                              |
| Other Protective Equipment:      | See 29 CFR 1910.132-138 for further guidance.                                                     |

## ▼ SECTION IX: SPECIAL PRECAUTIONS

|                                  |                               |
|----------------------------------|-------------------------------|
| Precautions; Handling & Storing: | Keep out of reach of children |
| Other Precautions:               | Keep from freezing.           |
