0" Extinguished flame, Nonflammable.	No Data	1 HO Data	110 Data				
Extinguishing Media -	support combustion. Use an extinguishing agent applica	able to the fire's fi	iel source (i.e.				
		iore to the me s it	.01000000				
carbon dioxide, dry chemical, foam, fog, and water spra	pol and vapors down with water spray. Prevent runoff for	rom entering sewe	ers and public				
waterways. Wear SCBA in chemical fires.	301 and vapors down with valor spray. 1101 and 1	out that may trive					
Hezardous Products of Combustion-Carbon dioxide	carbon monoxide, nitric acid, hydrochloric acid, and nit	rous oxide.					
Unusual Fire and Explosion Hazards - Aerosol conta	iner (pressurized) may burst if heated over 120°F.	***					
Chastar Fire and Explosion Trazards - Acrosor Comm	mivi (pressurizvo) may valentiment						
SECTION 6: Accidental Release Measures							
SECTION OF ACCIDENCE INCREASE INCREMENTS							
Small Spill - Pick up small spills with rag or towel.							
I arra Spill - Ventilate area and black traffic Fliming	te all ignition sources. Wear protective gear as necessar	v. Absorb liquid	with vermiculite.				
absorbent cloth or other absorbent material. Prevent m	aterial from entering sewers or drains. Transfer contami	nated material into	suitable container				
for proper disposal.							
SECTION 7: Handling and Storage			***				
Handling - Avoid getting product in eyes. Avoid cont	act with skin and clothing. Direct spray away from face	. Replace cap wh	en not in use.				
Wash thoroughly after handling. Contents under press	ure. Do not store near heat, sparks or flame or in direct	sunlight. Exposur	re to temperatures				
above 120°F may cause bursting. Do not puncture or i	ncinerate container. Follow label directions carefully.						
Storage - Store in a cool well ventilated area. Keep aw	ay from heat sources. Keep out of reach of children. K	eep container tigh	tly sealed when				
not in use.							
SECTION 8: Exposure Controls / Personal Protecti	on						
Eye Protection - Approved safety glasses or goggles (	ANSI 287).						
Skin Protection - Protective gloves to avoid direct con	tact with product or blood and other body fluids.						
Respiratory Protections - Not usually necessary. Use	with adequate ventilation. Use NIOSH/MSHA approve	ed respirator if PE	Ls or TLVs are				
exceeded.		43.51					
Engineering Controls - Ventilation not usually necess	ary but should be provided in the event of overexposure	<b>;</b> .					
SECTION 9: Physical and Chemical Properties							
	· · · · · · · · · · · · · · · · · · ·						
Appearance and Odor:	Clear liquid with a lemon scent in an aerosol can.						
PH	11 ± 0.5	*					
Specific Gravity (70°F)	1.02						
Boiling Point:	212° F						
Melting Point:	No Data						
Evaporation Rate	No Data						
Vapor Pressure (mm-Hg @ 70°F)	70 ± 5						
Vapor Density (AIR = 1)	Greater than one (1)						
Solubility in Water	Complete	·va					
Volatile Organic Compounds (VOCs)	77 g/L or 7.9% by weight						
SECTION 10: Stability and Reactivity							
Hazardous Polymerization - This product will not undergo hazardous polymerization.							
Hazardons Decomposition or Byproducts - Carbon dioxide, carbon monoxide, nitric acid, hydrochloric acid, and nitrous oxide.							
Chemical Stability - Stable							
Incompatibility (Materials to Avoid) - Strong seids a	ad avidinam
