## Section 2. Composition and Information on Ingredients

| Ingredients       | CAS #     | % by Weight | Exposure Limits | LC50/LD50      |
|-------------------|-----------|-------------|-----------------|----------------|
| Trichloromelamine | 7673-09-8 | 18.2        | Not available.  | Not available. |

## Section 3. Hazards Identification

|                                                |                                                                                                                                                    |
|------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| Routes of Entry                                | Inhalation. Skin contact. Eye contact.                                                                                                             |
| Potential Acute Health Effects                 |                                                                                                                                                    |
| <i>Eyes</i>                                    | Corrosive. May cause permanent damage including blindness.                                                                                         |
| <i>Skin</i>                                    | Corrosive. May cause permanent damage.                                                                                                             |
| <i>Inhalation</i>                              | May cause irritation and corrosive effects to nose, throat and respiratory tract.                                                                  |
| <i>Ingestion</i>                               | Corrosive. May cause burns to mouth, throat, and stomach.                                                                                          |
| Medical Conditions Aggravated by Overexposure: | Individuals with chronic respiratory disorders such as asthma, chronic bronchitis, emphysema, etc., may be more susceptible to irritating effects. |
| See Toxicological Information (section 11)     |                                                                                                                                                    |

## Section 4. First Aid Measures

|              |                                                                                                                                                                                                                                                                     |
|--------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eye Contact  | Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Get medical attention immediately.                                                                |
| Skin Contact | Take off contaminated clothing. Flush immediately with plenty of water for at least 15 minutes. Get medical attention immediately.                                                                                                                                  |
| Inhalation   | If breathing is difficult: Remove to fresh air. Get medical attention immediately.                                                                                                                                                                                  |
| Ingestion    | Call medical attendant, doctor, or poison control center immediately. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Never give anything by mouth to an unconscious person. |

**Section 5. Fire Fighting Measures**

|                                                      |                                                                                                                                     |
|------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| <b>Flammability of the Product</b>                   | None known.                                                                                                                         |
| <b>Flash Points</b>                                  | Not available.                                                                                                                      |
| <b>Products of Combustion</b>                        | None known.                                                                                                                         |
| <b>Fire Fighting Media and Instructions</b>          | Extinguish with water spray or carbon dioxide, dry chemical powder or appropriate foam. Normal fire fighting procedure may be used. |
| <b>Protective Clothing (Fire)</b>                    | Put on appropriate personal protective equipment (see Section 8).                                                                   |
| <b>Special Remarks on Fire and Explosion Hazards</b> | Corrosive material (See sections 8 and 10). Fine dust clouds may form explosive mixtures with air.                                  |

**Section 6. Accidental Release Measures**

|                                                       |                                                                                                                                                                                                                                                |
|-------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Personal Precautions</b>                           | Put on appropriate personal protective equipment (see Section 8).                                                                                                                                                                              |
| <b>Environmental Precautions and Clean-up Methods</b> | In the event of major spillage: Use appropriate containment to avoid environmental contamination. Sweep or scrape up material. Place in suitable clean, dry containers for disposal by approved methods. Use a water rinse for final clean-up. |

**Section 7. Handling and Storage**

|                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|-----------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Handling</b> | DANGER: Corrosive to eyes and skin. Avoid contact with eyes, skin and clothing. Do not taste or swallow. Remove and wash contaminated clothing and footwear before re-use. After handling, always wash hands thoroughly with soap and water. Product residue may remain on/in empty containers. All precautions for handling the product must be used in handling the empty container and residue. Avoid breathing dust. FOR COMMERCIAL AND INDUSTRIAL USE ONLY. |
| <b>Storage</b>  | Store in a dry, cool and well-ventilated area. Protect from freezing. Keep container tightly closed. KEEP OUT OF REACH OF CHILDREN.                                                                                                                                                                                                                                                                                                                              |

**Section 8. Exposure Controls/Personal Protection**

|                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|-----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Engineering Controls</b> | Good general ventilation should be sufficient to control airborne levels. Respiratory protection is not required if good ventilation is maintained.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |
| <b>Personal Protection</b>  | <p><b>Eyes</b> Protect eyes from exposure to powder when opening package. Safety glasses are recommended for spills or if exposure to the powder is likely.</p> <p><b>Hands</b> Protect skin from exposure to powder when opening package. Gloves are recommended for spills or if exposure to the powder is likely.</p> <p><b>Respiratory</b> If mists/vapors are not adequately controlled by ventilation, use appropriate respiratory protection to avoid over exposure. A respiratory protection program that meets OSHA's 29 CFR 1910.134 and ANSI Z88.2 requirements must be followed whenever workplace conditions warrant a respirator's use.</p> <p><b>Feet</b> If major exposure is possible (e.g. spills): Protective footwear.</p> <p><b>Body</b> If major exposure is possible, wear suitable protective clothing and footwear.</p> |

**Section 9. Physical and Chemical Properties**

|                                      |                        |
|--------------------------------------|------------------------|
| <b>Physical State and Appearance</b> | Solid. (Powder.)       |
| <b>Odor</b>                          | Chlorine.              |
| <b>Color</b>                         | Pale Yellow.           |
| <b>pH</b>                            | 2.7 [Acidic.] (Slurry) |
| <b>Specific Gravity</b>              | 0.81                   |
| <b>Solubility in water</b>           | Complete.              |

**Section 10. Stability and Reactivity**

|                                                |                                                                                       |
|------------------------------------------------|---------------------------------------------------------------------------------------|
| <b>Stability and Reactivity</b>                | The product is stable.                                                                |
| <b>Conditions of Instability</b>               | Excessive heat.                                                                       |
| <b>Incompatibility with Various Substances</b> | Do not mix with any other chemicals or products unless specified by label.            |
| <b>Hazardous Decomposition Products</b>        | Toxic decomposition products include: Chlorine. Oxides of nitrogen. Oxides of sodium. |
| <b>Hazardous Polymerization</b>                | Will not occur.                                                                       |

**Section 11. Toxicological Information**

|                                    |             |
|------------------------------------|-------------|
| <b>Acute toxicity</b>              | Corrosive.  |
| <b>Effects of Chronic Exposure</b> | None known. |
| <b>Other Toxic Effects</b>         | None known. |

**Section 12. Ecological Information**

Not available.

**Section 13. Disposal Considerations**

|                          |                                                                                                                                                       |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Waste Information</b> | PESTICIDAL WASTE - Observe all applicable Federal/Provincial/State regulations and Local/Municipal ordinances regarding disposal of pesticide wastes. |
|--------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|

**Section 14. Transport Information****DOT Classification**

|                                 |                                                                                             |
|---------------------------------|---------------------------------------------------------------------------------------------|
| <b>DOT Proper Shipping Name</b> | Please refer to the Bill of Lading/receiving documents for up to date shipping information. |
|---------------------------------|---------------------------------------------------------------------------------------------|

**TDG Classification**

|                                 |                                                                                             |
|---------------------------------|---------------------------------------------------------------------------------------------|
| <b>TDG Proper Shipping Name</b> | Please refer to the Bill of Lading/receiving documents for up to date shipping information. |
| <b>TDG Class</b>                |                                                                                             |

**Section 15. Regulatory Information****Reporting in this section is based on ingredients disclosed in Section 2****US Regulations**

**Federal** Clean Water Act (CWA) 311: Sodium Dodecylbenzene Sulfonate  
CERCLA: Hazardous substances.: Sodium Dodecylbenzene Sulfonate

**State** New Jersey spill list: Sodium Dodecylbenzene Sulfonate  
New Jersey: Sodium Dodecylbenzene Sulfonate  
Massachusetts spill list: Sodium Dodecylbenzene Sulfonate  
Massachusetts RTK: Sodium Dodecylbenzene Sulfonate, Sodium Sulfate  
Pennsylvania RTK: Sodium Dodecylbenzene Sulfonate, Sodium Sulfate

This product is not subject to the reporting requirements under California's Proposition 65.

**Registered Product Information** EPA Registration Number: 70627-28

**Canadian Regulations**

**WHMIS Classification** Not controlled under WHMIS (Canada).

**WHMIS Icon**

**Registered Product Information** Not applicable.
