### SECTION 5: FIRE FIGHTING MEASURES

**Suitable extinguishing media:** Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable extinguishing media:** High volume water jet.

**Specific hazards during fire-fighting:** Fire hazard; Keep away from heat and sources of ignition; Flash back possible over considerable distances; Beware of vapors accumulating to form explosive concentrations; Vapors can accumulate in low areas.

**Hazardous combustion products:** Carbon oxides

**Special protective equipment for fire-fighters:** Use personal protective equipment.

**Specific extinguishing methods:** Use water spray to cool unopened containers. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. In the event of fire and/or explosion do not breath fumes.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

**Personal precautions, protective equipment and emergency procedures:** Remove all sources of ignition. Ensure clean-up is conducted by trained personnel only. Refer to protective measures listed in sections 7 and 8.

**Environmental precautions:** Do not allow contact with soil, surface, or ground water.

**Methods and materials for containment and cleaning up:** Eliminate all ignition sources if safe to do so. Stop leak if safe to do so. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13). Flush away traces with water. For large spills, dike spilled material or otherwise contain material to ensure runoff does not reach a waterway.

## SECTION 7: HANDLING AND STORAGE

**Advice on safe handling:** Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapors), Keep away from fire, sparks and heated surfaces.

Conditions for safe storage: Keep away from heat and sources of ignition. Keep in a cool, well-ventilated place. Keep away from oxidizing agents. Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.
