Cleaning Need**

DESCRIPTION

A highly concentrated, hydrogen peroxide fortified multi-purpose cleaner, degreaser and deodorizer consists of a blend of citrus solvent, biodegradable detergents, and hydrogen peroxide that provide heavy-duty cleaning power without use of chlorine bleach, phosphates or butyl solvents. Citrus solvent penetrates and dissolves the oils, biodegradable detergents emulsify and suspend soil, and hydrogen peroxide oxidizes soil and stains, destroys odors and provides color safe bleaching action. It is ideal for cleaning floors, tile & grout, bathroom & shower area as well as for odor destruction.

DIRECTIONS

Insert tube of portion-aid dispenser into bottle and screw on top of bottle. Squeeze bottle to dispense required portion of concentrate into top of portion aid. Pour concentrated product from portion-aid into ready-to use quart bottle and fill remainder with water. Follow use instructions specific to light, medium and heavy duty cleaning on each ready to use quart bottle. For mopping or auto scrubbing applications, product may be dispensed directly into buckets or measuring containers.

For Use On:

Floors, Tile & Grout, Bathroom & Shower Area, Walls, Plastic, Tables

LIGHT DUTY CLEANING

Dilute concentrated product 1/2 oz. per quart or 1 oz./gallon. Use for glass cleaning, auto-scrubbing, light duty floor mopping, and mirrors, countertops and stainless steel.

MEDIUM DUTY CLEANING

Dilute concentrated product 1 oz. Per quart or 2-3 oz./gallon. Use for restroom floor mopping, kitchen degreasing, food service countertops, and bathroom sink fixtures.

HEAVY DUTY CLEANING

Dilute concentrated product 3 oz. Per quart or 8-10 oz./gallon. Use for Cleaning and brightening tile grout on floors and showers, Bathroom toilet fixtures, and heavy duty degreasing.
