AREAS OF USE:

- Restaurants
- Food processing
- Grocery stores
- Cafeterias
- Kitchens
- Ovens
- Hoods
- Grills
- Vents
- Fryers
- Griddles
- Floors

DIRECTIONS

FOR OVENS: For best results, heat to approximately 200 degrees F°, then turn off. Spray or brush full strength solution onto surface to be cleaned. Allow to soak for several minutes, rinse with potable water using a cloth or sponge. Steel wool pads may be necessary for stubborn areas.

FOR GRILLS: Warm grill to approximately 150 F. Dilute concentrate with equal parts water and pour on surface to be cleaned. Agitate with a scraper or aggressive pad. Rinse with potable water using a sponge or cloth.

FOR DEEP-FAT FRYERS: Drain all grease from fryer and rinse with hot water. Fill fryer to within 4 inches from the top and add 4 - 6 ounces of cleaner for each gallon of water. Boil solution for 15 to 20 minutes. Drain dirty solution and rinse thoroughly with potable water and wipe dry.

This product meets the maximum content requirements for Volatile Organic Compounds (VOCs) as established by state and Federal regulations.

DANGER

CORROSIVE: SEVERE EYE AND SKIN IRRITANT. Causes permanent eye damage. Do not get in eyes, on skin or clothing. To protect eyes, wear goggles or face shield. To protect skin, wear rubber gloves when handling. Avoid breathing vapors or mist. Harmful if swallowed. Wash contaminated clothing before reuse. Keep out of the reach of children. For professional use only. Read and understand the Material Safety Data Sheet (MSDS) before using this product.

FIRST AID

EYE CONTACT: Immediately flush eyes with clean water for at least 15 minutes and seek medical attention at once.

SKIN CONTACT: Immediately flush with water followed by thorough washing with mild soap and water. Seek medical attention if irritation develops.

INGESTION: Immediately drink large quantities of water or milk, then attempt to drink undiluted vinegar or lemon juice. Do not induce vomiting. Contact a physician.

INHALATION: Remove victim to fresh air. Give oxygen if there is difficulty breathing. Seek medical advice immediately.

CONTAINS

Potassium Hydroxide (1310-58-3), Nonionic Surfactant (2605-78-9), 2-Butoxyethanol (111-76-2), Water (7732-18-5).
