Master Seal

DESCRIPTION

An all-acrylic floor sealer formulated to provide a hard, durable undercoat for use prior to the application of any floor polish. Never yellows and will continue to protect your floor after all floor finish or wax has worn off.

DIRECTIONS

Make sure floor has been thoroughly stripped and rinsed and allowed to dry. For porous or well-worn floors, apply 2 coats of sealer followed by 2 or more coats of finish depending on the gloss desired. On new floor or floors in good condition, one coat of sealer should suffice.

PRODUCT SPECIFICATIONS

Type:	Modified acrylic	Detergent Resistance:	Excellent
Non-volatile solids:	18.0±0.5%	Stain Resistance:	Good
Color:	Milky white	Chemical Resistance:	Good
Odor:	Mild	VOC Content:	0.31 lbs./gal.
