	4. First Aid Measures			
Inhalation Skin contact	Not a normal route of exposure. If symptoms develop, move person to fresh air. In case of skin irritation, discontinue use of prod		n medical attention.	
Eye contact	If in eyes: Rinse cautiously with water for severa easy to do. Continue rinsing. If eye irritation per	al minutes. Remove conta		

Ingestion	Not a normal route of exposure. May result in obstruction and irritation if ingested. Call a poison control center or doctor for treatment advice.
Most important symptoms/effects, acute and delayed	Symptoms may include stinging, tearing, redness, swelling, and blurred vision. Symptoms may include redness, edema, drying, defatting and cracking of the skin.
Indication of immediate medical attention and special treatment needed	Treat patient symptomatically.
General information	Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Take container, label or product name and DIN Number with you when seeking medical attention. Follow label directions carefully.
	5. Fire Fighting Measures
Suitable extinguishing media	Alcohol resistant foam. Dry chemical powder. Carbon dioxide. Water Fog. Water.
Unsuitable extinguishing media	Not available.
Specific hazards arising from the chemical	During fire, gases hazardous to health may be formed.
Special protective equipment and precautions for firefighters	Firefighters must use standard protective equipment including flame retardant coat, helmet with face shield, gloves, rubber boots, and in enclosed spaces, SCBA. Structural firefighters protective clothing will only provide limited protection.
Fire-fighting equipment/instructions	In the event of fire, cool product with water spray. Move product from fire area if you can do so without risk.
Specific methods	In the event of fire and/or explosion do not breathe fumes. Move products from fire area if you can do so without risk. Cool product exposed to flames with water until well after the fire is out. Use standard firefighting procedures and consider the hazards of other involved materials.
General fire hazards	Flammable liquid and vapor.
Hazardous combustion products	May include and are not limited to: Oxides of carbon. Oxides of nitrogen. Chloride compounds
Explosion data	
Sensitivity to mechanical impact	Not available.
Sensitivity to static discharge	Not available.
	6. Accidental Release Measures
Personal precautions, protective equipment and emergency procedures	Wear appropriate protective equipment and clothing during clean-up. For personal protection, see section 8 of the SDS.
Methods and materials for containment and cleaning up	Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). For waste disposal, see section 13 of the SDS.
Environmental precautions	Do not discharge into lakes, streams, ponds or public waters.
	7. Handling and Storage
Precautions for safe handling	Avoid contact with eyes. Keep away from heat and sources of ignition. Use according to package label instructions. Practice good housekeeping.
Conditions for safe storage, including any incompatibilities	Keep away from heat, sparks and open flame. Keep container tightly closed. Store in a well-ventilated place. Store in a cool, dry place out of direct sunlight. Store away from incompatible materials (see Section 10 of the SDS).
