

MSDS - Material Safety Data Sheet**Product Name: NuSheen Stainless Steel Cleaner****MSDS No.: 90**

Empty drums may contain combustible residue.

VIII. Exposure Controls/Personal Protection:Ventilation Requirements:
Local Exhaust is sufficient**Personal Protective Equipment:**Eyes: Safety glasses
Protective Gloves: Rubber or PVC**IX. Physical and Chemical Properties:**

Boiling Point:	210F	Melting Point:	NA	Evaporation Rate:	<1
Vapor Pressure (mm Hg):	NA	Vapor Density (AIR = 1):	NA		
Solubility in Water:	Emulsifies				
Appearance and Odor:	Opaque emulsion with pleasant odor				
Other Information:	None Known				

X. Stability and Reactivity:Stability:
Stable**Incompatibility (Materials to Avoid):**

NA

Decomposition/By Products:

NA

Hazardous Polymerization:

Will not occur
