Tables  
Paneling  
Leather  
Rubber  
Enamel

Metal Furniture  
Painted Surfaces  
Bathroom Fixtures  
Filing Cabinets  
Countertops

**DESCRIPTION**

A superior blend of silicones, detergents, and lemon oils designed to clean, polish and protect Formica, laminate, vinyl, plastic, leather, stainless steel and other metals. Quickly and easily removes old wax build-ups and fills in minor scratches and cracks. Rubs out easily to a clear, bright, durable shine. A non-greasy protective finish is left that resists finger prints, smudges and further soiling. All surfaces are left clean, shining, and fresh smelling.

**DIRECTIONS**

1. Apply a light amount of product onto surface that is to be polished.
  2. Wipe immediately with a soft, clean cloth until the surface is shiny.
  3. For vertical surfaces, or if sprayed next to upholstery, apply directly onto cloth, then polish.
- DO NOT USE ON FLOORS.

**PRODUCT SPECIFICATIONS**

<b>Color:</b>	White emulsion	<b>Foam:</b>	None
