

1 Material and Supplier Indentification

Description: Acid Bowl Cleaner Recommended use of the chemical and restrictions: Use only for the purpose on product label. This product is not intended to be used without prior dilution if specified on product label. Supplier's Information: Maintex 13300 E. Nelson Ave City of Industry, CA 91746 800-446-1888 (Customer Service) Emergency Telephone: (800) 255-3924 USA (813)248-0585 International (Chemtel 24 hrs) 2 Hazards Identification Serious Eye Damage: Category 1 Skin Corrosion: Category 1C Signal Word: DANGER Hazard Statements: Causes severe skin burns and eye damage.		
Recommended use of the chemical and restrictions: Use only for the purpose on product label. This product is not intended to be used without prior dilution if specified on product label. Supplier's Information: Maintex 13300 E. Nelson Ave City of Industry, CA 91746 800-446-1898 (Customer Service) Emergency Telephone: (800) 255-3924 USA (813)248-0585 International (Chemtel 24 hrs) 2 Hazards Identification Classification of Mixture: Serious Eye Damage: Category 1 Skin Corrosion: Category 1 Signal Word: DANGER Causes severe skin burns and eye damage. Precautionary Statements General: KEEP OUT OF REACH OF CHILDREN. Read label before use. Prevention: Do not breathe vapors. Wash hands thoroughly after handling. Wear protective gloves and eye protection. F ON SKIN: Take off contaminated clothing and wash before reuse. Rinse skin with water. If skin irritation persists: Get medical attention. IF IN EYES: Remove person to fresh and rai and keep confictable for breathing. If problem persists, call a Poison Confiner for several minutes. Remove contact lenses, if present and easy to do. Confinue rinsing. If eye inflution persists: Get medical attention. IF IN EYES: Causes not the for an and and reserve the problem persists, call a Poison Center or get medical attention. IF invEVED: Rinse mouth. Do NOT induce vomiting. Get medical attention immediately.	Product Name:	HydroAction
chemical and restrictions: prior dilútion if specified on product label. Supplier's Information: Maintex 13300 - Attende Service) Emergency Telephone: (800) 255-3924 USA (813)248-0585 International (Chemtel 24 hrs) 2 Hazards Identification Classification of Mixture: Serious Eye Damage: Category 1 Skin Corrosion: Category 1C Signal Word: DANGER Causes severe skin burns and eye damage. Precautionary Statements General: KEEP OUT OF REACH OF CHILDREN. Read label before use. Prevention: Do not breathe vapors. Wash hands thoroughly after handling. Wear protective gloves and eye protection. Response: IF ON SKIN: Take off contaminated clothing and wash before reuse. Rinse skin with water. If skin irritation persists: Get medical attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, call a Poison Center or get medical attention. IF INHALED: Remove person to fresh air and keep comfortable for breathing. If problem persists, call a Poison Center or get medical attention. IF INHALED: Remove person to fresh air and keep comfortable for breathing. If problem persists, call a Poison Center or get medical attention. If SWALLOWED: Rinse mouth. Do NOT induce vomiting. Get medical attention immediately.	Description:	Acid Bowl Cleaner
13300 E. Nelson Ave City of Industry, CA 91746 S00-446-1888 (Customer Service) 800-446-1888 (Customer Service) Emergency Telephone: (800) 255-3924 USA (813)248-0585 International (Chemtel 24 hrs) 2 Hazards Identification Classification of Mixture: Serious Eye Damage: Category 1 Pictogram Skin Corrosion: Category 1C Victogram Signal Word: DANGER Hazard Statements: Causes severe skin burns and eye damage. Get medical attention immediately.	General:	KEEP OUT OF REACH OF CHILDREN. Read label before use.
water. If skin irritation persists: Get medical attention. IF IN EYES: Rinse cautiously with water for several minutes.Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. IF INHALED: Remove person to fresh air and keep comfortable for breathing. If problem persists, call a Poison Center or get medical attention. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Get medical attention immediately.	Prevention:	Do not breathe vapors. Wash hands thoroughly after handling. Wear protective gloves and eye protection.
3 Composition/Information on Ingredients	Response:	 water. If skin irritation persists: Get medical attention. IF IN EYES: Rinse cautiously with water for several minutes.Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention. IF INHALED: Remove person to fresh air and keep comfortable for breathing. If problem persists, call a Poison Center or get medical attention. IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Get medical attention
	3 Composition/Information	on Ingredients

Hazardous Ingredients

Hydrochloric acid Alcohols, Ethoxylated CAS Number 7647-01-0 68002-97-1 Concentration Range % 1-10 1-5

4 First Aid Measures	S
Eye Contact:	Flush eyes with water for 15 minutes. Remove contact lenses if any.
Skin Contact:	Contact with concentrate may be an irritant to sensitive skin. If spilt in large areas of skin, rinse immediately with water and remove clothing. Wash skin thoroughly with soap and water.
Inhalation	If discomfort is experienced after prolonged exposure to vapors, move person to fresh air. Get medical attention if irritation persists.
Ingestion:	Get medical attention immediately. Rinse mouth with water. Do NOT induce vomiting. Drink glass of water to dilute product.

5 Firefighting Measures	
Suitable Extinguishing Media:	Water spray, normal foam, dry agent (carbon dioxide, dry chemical powder.)
Specific Hazards arising from the Chemical:	In a fire or if heated, a pressure increase will occur and the container may burst. Combustion products may include and are not limited to nitrogen oxides, carbon monoxide, and carbon dioxide.
Specific Protective Equipment and Precautions for Firefighters:	Firefighters should wear NIOSH approved self-contained breathing apparatus and protective clothing. If safe to do so, remove containers from path of fire. If involved in a fire, keep containers cool with water spray.

6 Accidental Release Measures		
Emergency Procedures:	Keep area clear of personnel until area has been properly cleaned.	
Personal Precautions/ Protective Equipment:	Slippery when spilt. To avoid accidents, clean up immediately and shut off source of leak, if safe to do so. Wear appropriate protective equipment to prevent any contamination of skin, eyes, and personal clothing. Provide sufficient ventilation.	
Environmental Precautions:	If contamination of sewers or waterways has occurred, advise local emergency services.	
Methods for Containment and Cleaning Up:	Contain spill with absorbent (soil, sand, or other inert material) or spill kit to prevent contamination of sewers or waterways. Neutralization agent is not recommended within building, as toxic vapors may be omitted. Properly dispose of used absorbents in accordance with local, state, and federal regulations.	

7 Handling and Storage	
Precautions for Safe Handling:	Avoid skin and eye contact, inhalation and ingestion. Wash hands thoroughly after use. Keep out of reach of children.
Conditions for Safe Storage, Including an Incompatiibiities:	Store in cool, dry place and out of direct sunlight. Store away from source of heat or ignition. Do not mix with other chemicals. Keep container closed when not in use, and check regularly for leaks.

See Section 10 for incompatible materials.

8 Exposure Controls/Personal Prote	ection		
Control Parameters:			
Hazardous Ingredients	ACGIH TLV	OSHA PEL	NIOSH IDLH
Hydrochloric acid	2 ppm	5 ppm	5 ppm
Alcohols, Ethoxylated	N/A	N/A	N/A

Appropriate engineering controls:	Good ventilation should be sufficient to control worker exposure to airborne contaminants.
Personal Protection	
Eye Protection:	Use protective glasses or safety goggles if splashing or spray-back is likely.
Hand Protection:	Use protective gloves when used for prolong periods or if skin sensitive.
Skin Protection:	Use apron if splashing or spray-back is likely.
Respiratory Protection:	Use in well ventilated areas or local exhaust ventilation when cleaning small spaces.
Hygiene Measures:	Always wash hands after handling chemical products, and before smoking, eating, drinking, or using the toilet. Wash contaminated clothing or protective equipment before storage and re-use.

Note: These physical data are typical values based on material tested but may vary from sample to sample. Typical values should not be construed as a guaranteed analysis of any specific lot or as specification items.

10 Stability and Reactivity	
Reactivity:	No specific data
Chemical Stability:	Stable
Possibility of Hazardous Reactions:	Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to Avoid:	Avoid exposure to heat and light.
Incompatible Materials:	Slightly reactive or incompatible with oxidizers (e.g., bleach), strong acids (e.g., hydrochloric acid) and reactive metals (e.g., aluminum).
Hazardous Decomposition Products:	Under normal conditions of storage and use, hazardous decomposition products should not be produced.
