Please consult the product information bulletins for this product.

Do not spray, pour or otherwise dispense product near the sauna heater or onto the sauna rocks as this may result in a flashback.

Replace bottle if label becomes unreadable.

Do not keep spray bottles in the sauna.

The safest and best method of dispensing this product in the sauna is through one of our automatic dispensing systems, rather than a spray bottle. Please consult our website for further information.

The information contained in this leaflet is to the best of our knowledge true and accurate but all data, instructions, recommendations and/or suggestions are made without guarantee. No warranty or representation, expressed or implied, is made as to the accuracy or completeness of the aforementioned data and safety information. The user assumes all risk and liability resulting from the use or sale of the product, whether singly or in combination with other goods.
